ONE MINUTE ON WHY YOU SHOULD CONSIDER SEE MOVEMENT

April, 2006

Hello, this is Leatrice Latts with See Movement, S – for Subtle, E – for Energy, E – for Empowerment.

Why do clients come from all over the world and from all walks of life to SEE MOVEMENT? It’s simple: SEE MOVEMENT takes you from where you are now, removes the barriers in your life, and sets you free to fulfill your dreams.

If your life isn’t working;

If there are areas of your life that could use improving – such as relationships, career satisfaction, health and well-being, financial abundance, or spirituality...

If you would like to finally discover and fulfill your true purpose in life...

If there seems to be an insurmountable difference between what you have and what you want to have in your life...

The reason is not other people or circumstances and events beyond your control;

The reason is not that you don’t have the power to change your life;

The reason is your Emotional Energy Patterns that are blocking you from having, being, doing, and creating what you want – and making life better than you can imagine.

Emotional Energy Patterns trap us in a never-ending suffocating maze unless we can see the Energy Patterns and do away with them.

That is See Movement.

SEE MOVEMENT is a totally unique method developed to help people like you. It finds your Emotional Energy Patterns, and most importantly, helps you *release* them so that you are finally free to create your life as you want it.

Do you want money? You can have it.

Do you want a great relationship? You can have it.

Do you want to be happy and healthy? You can have that too.

You can have it all.

And all this without PAIN.

Face it, with the Emotional Energy Patterns you’ve collected so far, life has been painful enough. It’s time for a new way. Without a struggle. Without discomfort. Quite the opposite. A way that promotes ease and joy in your life.
